## Learning Never Stops

### Why is AI Infinity a necessity?

AI will disrupt all the businesses in coming years. The need to develop AI ready workforce for the changing business landscape is real.

“

**94%** of the  
workforce needs  
to learn Gen AI  
skills

”

“

**61%** of workforce  
need retraining by  
2027

”

“

Only **5%** of  
companies are able  
to reskill at scale

”

# The AI edge every enterprise needs

India has got the largest talent pool in the world though the AI skill gap is real.

Learners lack practical AI knowledge required to remain competitive in their current roles.

Fast changing jobs landscape makes it even tougher for professionals to bridge the AI skills gap relevant to their current profile.

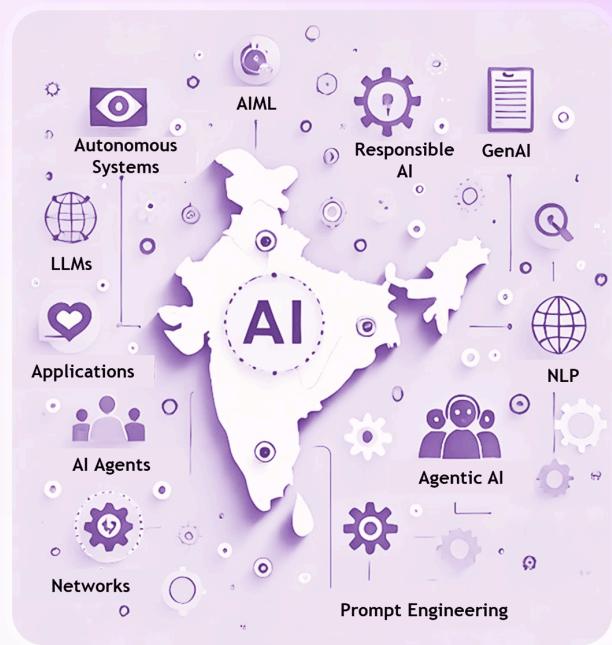

## The Concept

- Live online learning in self-paced mode
- 40 Hours of high impact learning
- Covers GenAI, Agentic AI and AI Applications
- 2 Tracks:
  - ▶ Functional for Non Tech Professionals
  - ▶ Technical for Tech Professionals
- Hands-on Projects and Challenges

# AI Infinity: Program Structure

- ▶ 40-hour program designed to build strong foundations in Generative AI & Agentic AI through a structured, hands-on format.
- ▶ Learners combine self-paced learning with live sessions during weekend, and earn a certificate upon program completion.

**30 Hours of Live Interactive Sessions**

**6 Hours of Hands-on Projects**

**Add-on Self Paced Content and Videos**

**4 hours of AI Challenges**

**Pre and Post Assessments**

**Monthly Industry Sessions on AI trends**

**1 year additional unlimited access**

**20+ AI tools covered | Hands-on projects | AI challenges**

— Experience Artificial Intelligence in Action —

# AI skilling and upskilling with hands-on projects

## Functional Track

- ▶ AI Decoded
- ▶ Predictive AI in Action
- ▶ Vision AI | How Machines See
- ▶ Language AI | The Power of Words
